# KAP EUROPA

Frankfurt > Event rooms

## GOOD LOOKING ON THE OUTSIDE, CLEVER ON THE INSIDE

Kap Europe triggers the emotions as soon as you walk in! Large banks of windows extending down to the floor and high ceilings create a unique backdrop. In the daylight-flooded 4200 square metres of foyer area with built-in bar counters and a bistro on the ground floor, there is plenty of room for exhibitions and catering. The conference rooms (which can be extended and partitioned if required), the views of the Frankfurt skyline, the exhibition site and the neighbouring Skyline Plaza shopping centre provide the necessary inspiration for visitors and participants alike.

- Level 0** - reception level with registration, cloakroom and bistro
- Level 1** - working level with 6 multifunctional rooms
- Level 2** - variable level with Meridian room for more than 600 persons
- Level 3** - light-flooded third intermediate level with 3 conference rooms and an extraordinary view
- Level 4** - viewing level with hall Horizont for up to 1000 persons, catering areas and terrace
